

NOTICE OF PRIVACY PRACTICES

This Notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

Privacy Officer: Ife Oyeleye, Office Manager

Effective Date: April 14, 2014

We care about our patients' privacy and strive to protect the confidentiality of your medical information at this practice. New federal legislation requires that we issue this official notice of our privacy practices. You have the right to the confidentiality of your medical information; and this practice is required by law to maintain the privacy of that protected health information. This practice is required to abide by the terms of the Notice of Privacy Practices currently in effect, and to provide notice of its legal duties and privacy practices with respect to protected health information. If you have any questions about this Notice, please contact the Privacy Officer at this practice.

Who Will Follow This Notice

Any health care professional authorized to enter information into your medical record, all employees, staff and other personnel at this practice who may need access to your information must abide by this Notice. All subsidiaries, business associates (e.g. a billing service), sites and locations of this practice may share medical information with each other for treatment, payment purposes or health care operations described in this Notice. Except where treatment is involved, only the minimum necessary information needed to accomplish the task will be shared.

How We May Use and Disclose Medical Information about You

The following categories describe different ways that we may use and disclose medical information without your specific consent or authorization. Examples are provided for each category of uses or disclosures. Not every possible use or disclosure is in a category listed.

For Treatment: We may use medical information about you to provide you with medical treatment or services.

Example: In treating you for a specific condition, we may need to know if you have allergies that could influence which medications we prescribe for the treatment process.
